Annotation:

- I. ○ : Documents are required. X: Documents are not required.
- II. Please refer to Annex 2 for the relevant provisions of the application form, label and insert pasting sheet draft, and finished product inspection report.
- III. The affidavit stating that the product is exclusively for export: refers to the document that the applicant signs declaring that the veterinary drugs in the application are for export only and will not be gifted or sold domestically. The document shall also indicate the company name, address, name of the responsible person, and the date of signing, with the same seal affixed as the one on the application. In the case of entrusted manufacturing, both the consignor and consignee shall sign.
